

Cleaning Products Industry MICHIGAN

NUMBER OF INDUSTRY JOBS		OUTPUT (MILLIONS)	
MI 3,058	USA 66,567	MI \$2,436	USA \$57,432

KEY ISSUES

Chemical Management · Ensuring the regulations on cleaning product chemicals are guided by the best available science that assesses their safety and effectiveness.

Ingredient Communication · Working toward a national ingredient communication standard that gives consumers consistent, understandable ingredient information.

Product Packaging · Supporting policies that create more sustainable packaging through innovation and collaboration.

Sustainability · Working proactively on sustainability goals that are rooted in increasing transparency, reducing emissions, valuing nature and contributing positively to our shared global future.

The American Cleaning Institute® (ACI) is the trade association representing the \$60 billion U.S. cleaning products market. ACI members include the formulators of soaps, detergents and general cleaning products used in household, commercial, industrial and institutional settings; companies that supply ingredients and finished packaging for these products; and oleochemical producers. ACI's mission is to support the sustainability of the cleaning products industry through research, education, outreach and science-based advocacy. ACI represents over 140 members.
