We are committed to healthy spaces by following essential cleaning steps:

**ALWAYS AWARE**

- Disinfect frequently-touched surfaces and objects daily.

**KEEP CLEAN**

- To reduce the spread of germs, especially on frequently touched surfaces, clean the surface first to remove dirt and grime, let surface dry, then disinfect.
- Wash hands frequently or use hand sanitizer when soap and running water is not easily accessible. Key times include:
  - Using the bathroom
  - Unpacking deliveries
  - Touching other frequently-touched objects

**STAY SAFE**

- Don’t mix cleaning products
- When using any cleaning product, read and follow label directions
